

Download A Connected Curriculum For Higher Education

Is it possible to bring university research and student education into a more connected, more symbiotic relationship? If so, can we develop programmes of study that enable faculty, students and 'real world' communities to connect in new ways? In this accessible book, Dilly Fung argues that it is not only possible but also potentially transformational to develop new forms of research-based ...A connected, research-based education is at the core of UCL's Education Strategy 2016-21 and UCL 2034, the university's 20-year institutional strategy. The Connected Curriculum is UCL's educational framework. Students can easily participate in research and make strong connections across disciplines in some areas at UCL, but not all.

ORLANDO -- Today at its 6th Annual DigarcU User Conference, DIGARC, a leading provider of higher education technology solutions, announced a new software solution called EXPLORE.ACT and the College Board have completed a concordance study that is designed to examine the relationship between scores on the ACT test and the SAT. Like all ACT® offerings, our solutions for higher education are developed based on a holistic view of students and include a range of assessment ...
