The fifteenth book in the Dresden Files series is *Skin Game*. It was released simultaneously in the US and the UK on May 27th, 2014. “If there is an author [who] defines urban fantasy, it is Jim Butcher.” —Fresh Fiction. Harry Dresden, Chicago’s only professional wizard, is about to have a very bad day....[4.5 stars] Following my two (okay, three) least favorite books of the series, I went into *Skin Game* fearing Jim Butcher had lost his touch and had dragged the story on too long. What a delightful surprise when *Skin Game* turned out to be one of, if not my favorite Dresden book so far. *Skin Game* is a novel in The Dresden Files series by Jim Butcher. It is the 15th novel in the series. It follows the protagonist, Harry Dresden as he teams up with former enemies to rob a vault belonging to Hades, lord of the Underworld. Alright, that joke isn’t really set up to elicit a lot of laughs, but this book does have plenty of laugh-out-loud moments. *Skin Game* is the fifteenth book in Jim Butcher’s fantastic Dresden Files series, and this review is going to assume that you have already read the first fourteen books. If not, you should get on that.
